# XF FT - 90<sup>th</sup> Anniversary Edition

A limited edition XF FT Super Space Cab with engine MX-13 530 has been released to celebrate the 90th anniversary of DAF. This Anniversary Edition features various unique elements, making it a very special vehicle, that immediately attracts attention.

## Unique vehicle

The Anniversary Edition is limited to 250 vehicles. Each vehicle is specified with a premium option package and will receive a unique number, which will be visible in the decorative finish inside the cab and in the DAF logo panel in the door step.

## International Truck of the Year

The Anniversary Edition belongs to the XF series, that was voted 'International Truck of the Year 2018', the most prestigious award in the European truck industry. This annual award is presented to a new truck or model range that has made the largest contribution to road transport efficiency, based on several important criteria including technological innovation, driver comfort, road safety, driveability, fuel economy, environmental footprint and total cost of ownership. What's to say more?

## Unique exterior

The Anniversary Edition is available in a special blue, black or red metallic colour, that also appears on the strips along the lower edges of the grille openings. To give the cab front an even more exceptional character the very first DAF logo is added on the panel between grille and windscreen. This logo also appears at the cab rear. Special striping on the cab front and vehicle sides further complete the unique exterior.

## Unique interior

The Anniversary Edition features the most comfortable interior with unique, striking additions like the very first DAF logo embossed in the head restraint of both Extra Leather Air seats, the illuminated DAF logo in the door step and the special vehicle number in the decorative finish of the interior.

## Economical

The Anniversary Edition is specified with a 12- or 16-speed TraXon automated, highly efficient, direct drive gearbox and rear axle type SR1347, providing excellent driving characteristics. Fuel saving features like Adaptive and Predictive Cruise Control, Eco mode and EcoRoll as well as the Driver Performance Assistant support the most economic driving style. DAF Connect is optionally available to improve logistical planning and increase vehicle availability.

## Top of the line

The Anniversary Edition is specified with top of the line options to emphasize its exclusive and superior character, for example LED headlights, LED rear lights and a LED worklamp, Skylights, fog and cornering lights, side collars, side skirts and Alcoa aluminium wheels. And an Exclusive interior trim with leather steering wheel and arm rests, Cab Climate Control, roof parking air conditioning in cab colour, Kenwood DAB with radio/navigation, TruckPhone, refrigerator, microwave, Xtra Comfort mattress on the lower bunk, DAF Night Lock, etc. etc.
